

2020 Trust Women Oklahoma General Election Voter Guide

Trust Women is a 501(c)3 organization and neither endorses nor opposes any candidate.

In July we mailed a candidate questionnaire to each candidate running for office in the upcoming state and federal primary election, regardless of affiliation with any party or organization.

The answers provided do not denote any affiliation or endorsement by Trust Women, nor does a candidate's choice to participate in our questionnaire signify affiliation or endorsement.

The endorsements we have included along with our questionnaire responses are those given by the anti-choice organization Free the States and the pro-choice organization Planned Parenthood.

Yes and No answers and any additional comments about the questions we asked candidates are included in this document. The voting record on issues of reproductive rights of each candidate already serving in public office is listed in this document as well.

The voter guide itself is listed according to elected office and then numerically by district for each position. So, if you were looking for Oklahoma State Senator candidates in district 16, you would first look for the Oklahoma Senate section and follow down numerical order until you find district 16.

Voter Guide Key

Y: Yes

N: No

U: Undecided

VRP: Voting record pro-choice

VRA: Voting record anti-choice

We hope you find the information below helpful.

Oklahoma Candidate Survey

These are the questions asked of the candidates running for office in Oklahoma. Each candidate had the opportunity to answer each question with a yes or no and provide further comment to explain their stance for each question.

1. Do you support a woman's right to safe, legal abortion care?
2. Would you oppose legislation that attempts to restrict a woman's constitutional right to make her own medical decisions, including her decision to have an abortion?
3. Would you support legislation that protects women, doctors and other reproductive health providers from harassment, threats, violence and intimidation?
4. For many women, reproductive health care is their primary point of contact with the health care system. Will you support funding to expand Medicaid in Oklahoma in 2021 to ensure women in the coverage gap have better access to preventative care and disease treatment?
5. Do you support legislation that ensures every person has access to health coverage regardless of their ability to pay?
6. Would you support legislation to repeal the ban on private health insurance covering abortion care?
7. Would you support the expansion of funding to local health departments for broader access of contraceptive services?
8. Do you support women's access to all FDA-approved birth control, regardless of age, religion, geography or income? (FDA-approved forms of birth control include, but are not limited to: intrauterine devices (IUDs), Nexplanon, birth control shot (Depo- Provera), birth control pills, hormonal patches, vaginal rings (NuvaRing))
