

Criteria for Resident rotation with Trust Women

Requirements to apply

1. Students must be in good academic standing and currently registered for their fourth year in a M.D. or D.O. degree program at an accredited school.
2. Students must have completed the following core clerkship requirements before the rotations begins:
 - Surgery
 - Medicine
 - Psychiatry
 - Family Medicine
 - OB/GYN
 - Pediatrics
4. Students must have passed a background check upon matriculation to their home school. If your school cannot verify that your background check is current, then you must submit one successfully completed within the last 12 months. We do not have a specific vendor that we prefer, but we do ask that a state (where your school is) and a federal check have been done and cleared.
5. Upon acceptance to Trust Women rotation the student will be billed a \$100 non-refundable processing fee per rotation.
6. Letter of recommendation uploaded by home institution.
7. Letter of intent.
8. CV/Resume
9. Transcript
10. Copy of current BLS/ACLS card.

Requirements upon acceptance

1. An affiliation agreement between Trust Women and the student's home school must be in place prior to the start of the scheduled rotation. Upon acceptance, a representative from the student's home school must contact Trust Women to initiate the affiliation agreement process as soon as possible. The Trust Women will not initiate an affiliation agreement until a student has been officially accepted for a rotation

2. Students must be covered by malpractice/liability insurance at a level at \$1,000,000 primary/\$3,000,000 aggregate by their home school.

3. Current BLS/ACLS or OSHA certification. If student's BLS/ACLS or OSHA certification requirements expire before the accepted rotation dates, student will be required to update certification and provide corresponding documentation before the date of the rotation.
