WICHITA, KS - Julie A. Burkhart, founder & CEO of Trust Women, made the following statement regarding comments made by County Commissioner Michael O'Donnell:

"The dehumanization of Dr. George Tiller, my former boss and mentor, as well as a beloved member of this community, is reprehensible and unforgivable. The shocking, damning language used by Commissioner O'Donnell in condoning the murder of Dr. Tiller is sickening and inexcusable. Dr. Tiller's assassination was a devastating loss to his family and this community, and it's unconscionable that anyone - let alone an elected official - would express support for such a violent act. Michael O'Donnell has no business continuing to serve the people of Sedgwick County, Kansas and should resign immediately."
