Wichita Clinic

Due to the sweeping abortion bans around the country, our Wichita clinic has continued to see an increase in the number of patients seeking abortion care—more than we have ever seen in our clinic’s history! The majority of our patients are from Texas and Oklahoma. Our clinic parking lot overflows with vehicles from Georgia, Arkansas, Alabama, Mississippi, Louisiana, and Missouri, with only the occasional Kansas tag. We see weary travelers who drove through the night for hours to make it to their appointments. Some arrive by bus, others by plane, but no matter how they got here, every one of our patients should have been able to access this care in their own communities.

Kansas isn’t the only state where this is happening, many of our neighbor states like Colorado are facing the influx of patients traveling from out of state.

As anti-abortion laws continue to pass across the region, our clinic has continued to adapt and evolve to these changes in patient volume and the complexity of care we provide. We have grown in both size of the staff as well as the expertise and experience of the team, allowing us to provide abortion care to those unable to seek care elsewhere. And we will continue showing up for them. After 10 years, our doors still are open and we have you to thank for that.

Thank you for supporting us in our fight to protect reproductive freedom. Thank you for donating to our organization so we can continue to provide care to people regardless of where they live or if they can afford it.

Ready to sign-up to be a monthly Sustainer?

Join us in protecting legal and local abortions, promoting gender-affirming healthcare, and more by becoming a monthly, quarterly, or annual donor! By donating $10, $20, or $25 per month, you will support our vital work and also receive an exclusive, limited-edition, 10 Year Anniversary T-Shirt!

Your recurring donation will have a lasting impact, providing essential reproductive healthcare and advocating for the rights of individuals in need. Help us celebrate 10 years of care in Wichita, become a sustainer today!

Oklahoma City Clinic

Oklahoma's ban on gender-affirming care for minors unfortunately passed, but the state Attorney General signed a non-enforcement agreement with the ACLU. Because of this, we are thrilled to still be providing gender-affirming care to anyone in Oklahoma. We are expanding our services again to offer PEP/PrEP for people at risk for HIV as well as hepatitis C testing and treatment. We are building our panel of patients receiving birth control, gynecological care for all people, STI testing and treatment, and low-barrier buprenorphine. We are taking action to get involved in the community and get word out about our new services.

We are also building our queer closet - where patients and community members can donate and access free gender-affirming clothes, shoes, and accessories. Some folks cannot afford a new wardrobe when they're exploring their gender, so we wanted to create a resource for those patients. We've also heard from patients that unsupportive family members will throw away their gender-affirming clothes, we wanted them to have a safe place to explore their style. We've gotten donations from staff and community members including Twister City Roller Derby and Jo & June Vintage to help us build this resource for the community.

What’s Next?

**Chainlink Queens Drag Show & Community Care Drive**
On June 23rd, we hosted our first ever Drag Show, co-hosted by the fabulous Sasha May Carmichael and Mr. Salt City Pride Unholy Lotus Carmichael! During the electrifying drag show, we also collected items for our community care drive! Keep your eye out for future events like these!

**OKC Queer Closet**
We’re grateful for the support we’ve received so far, but we need your help! Please check out our Amazon Wishlist and join us in creating an accepting environment for the LGBTQ+ community in Oklahoma City.
